SYNOPSIS

Dazzled by his own imagination, 'Esher,' wakes up and draws a picture of his dream (A feast of Goblins on the Snow mountains). For years, he talks to his friends about his adventurous dreams, in which his friends are also a part of. He writes poems about their intellectual discoveries, and about his mysterious soul partner, of whom he meets and falls in love with.

In the future, 'Esher' and his friends are all teenagers, and they hang out together at each others houses. They all share the same interests in transcendentalism, science and mysticism, and throw gothic fancy dress parties, where they decorate the house, and perform shows about ancient Celtic myths. Eventually, the team all decide to arrange a big outing, following the clues from 'Esher's' Magic dreams, in search of his beloved spiritual match.

The team travel to the snow mountains where they study the stars, play music, have philosophical conversations and perform their arts. As they move deeper into the midst's of their sub-consciousness' they discover a new universe, where they believe the sacred 'Lithonia' (Soul partner) dwells.

They become confronted with the forces of evil, and have to use their spiritual intellect to find the keys into the next universe. Eventually, 'Esher' dies, and meets his soul partner (Lithonia) as they both transcend into the next universe.

CHARACTERS

TRICK (Esher's friend from school) - He likes magic and art and is interested in Hindu religion. He is very imaginative and philosophical. He also draws pictures about his dreams, and studies crystals, ancient science and psychic energy.

LITHONIA (Esher's spiritual partner) - You do not see a lot of this character, and she remains a mystical part of Esher's imagination until the very end. She is beautiful and wears shiny Celtic clothing. She is a part of the spiritual world, and holds the future of eternal fantasy.

MOTHER (Imagine) - She is a young mother from an un-explained up bringing. She loves art and singing, and also dances to old 60's music which brings back her child hood memories. Imagine holds a very important secret which is only later revealed.

FATHER (Skye) - He is a Scotsman, with a Celtic up bringing. Before they Esher was born, Skye and Imagine went travelling, and brought back much knowledge about the world and the different religions (Including Voodoo and Paganism), of which they study throughout the film. He enjoys travelling with his wife, and works full time as a musician.

CHARACTERS 2

ESHER (Main Character) - A teenage boy, who is multi talented in the arts and also has deep interests in philosophy and mysticism. Esher has strong ambitions to make it as a performer, and both his parents and his teachers believe that this will happen. Esher's most inner secret ambition is to meet his spiritual partner and get married.

CYRUS (Esher's brother) - Like Esher, Cyrus is also a multi talented performer, and him and his brother perform in bands together a lot. Cyrus and his brother talk very closely with each other and also go through family times of hardship.

SELENA (Esher's sister) - Esher's older sister is also a teenager. She is a 'Goth' and likes Heavy Metal music. She spends most of her time getting drunk and hanging out with her friends who have parties. Selena suffers from a lot of depression, but she hides this away too much. One day Esher finds out that Selena has drug problems, and he is scared to let his parents know about this.

(TRICK POINTS TOWARDS HIS PICTURE THAT HE DREW OF THE 'NEW UNIVERSE.' - THE UNIVERSE OF FANTASY)
